

James McAvoy
1st Vice Chair

Comrades; I have been a member of the American Legion for over 15 years. I proudly served our country in the **Army** from 1980-1986, in the **Army Medical Corp.** In my civilian life, I served 37 years in law enforcement. In the past, I was the **commander, past commander and historian of the George Shepard Post 7**, in Easton, Massachusetts, where I lived. Our Post was a larger one that served the community and veterans in the same way that Post 68 has done here.

In my 4 years with this Post, I have been blessed to serve our Post in many capacities and have volunteered for many of the Post's activities and fundraising events. I was the past **Chaplain** and have been the **1st Vice Commander** for the past year. I have enjoyed my association with the Post and our members. It is and has been my honor to be a member of the Post and as we move forward this year, I look forward to helping in our mission to serve the veteran community and my brothers and sisters of the Post. I remain in Comradeship and God Speed.
